

4 EXT. PORCH - DAY

Match cut to Will sitting on his porch. In the background, his wife and kids can be seen playing in the yard.

5 EXT. STREET - DAY

Follow down a street. It's calm. Peaceful.

Three people with black masks rush past us.

It's chaos because they're running from a crime scene. Police sirens wail in the background.

As they run, we see flashes of the situation they're running from.

7 EXT. ALLEYWAY - DAY

The three perps pull off their masks, revealing Will along with two other middle-aged office workers.

One of them pulls out an inhaler and breathes in rapidly. Another starts pushing buttons on a pager.

OFFICE GUY 1

Do you think we can make it home by four? My wife is making casserole tonight.

OFFICE GUY 2

Hey I need a new shirt without blood on it so Kristen from HR doesn't murder me.

WILL EVANS

Look, can we save this discussion until after we get away from the police chasing us?

OFFICE GUY 1

Was this bad idea?

WILL EVANS

Life is temporary.

The three start arguing indistinctly over each other.

THE END
